*The Hexa-Pod or Octa-Pod is a living system structure life tool for our essential daily activities that empower and free our lives with the activities of living with nature in creative inspired activity that frees us from being slaves of destructive work and fear, breaking the chain's of time to return ourselves to relationships and the infinite life on earth. The Hexa-Pod is a portable levelling structure, built to handle storms, land slides, earthquakes and floods. It can be used on the most difficult terrain.*

*The Hexa-Pod is not just a structure but it is the constructing a constructive way of living*

*Out of societys framed box and reconnecting with the balance of nature. Hexa-Pod's can break us free from the unbalanced life and its artificial architecture, social and technological systems. Coexisting as a community integrating with nature rather than giving up our freedom to politics, monetary systems, authority and written law, yet respecting first unwritten laws of nature and of the people on earth with our earth.*
